Re: UCI Immigration Matters – Merge of Firm of Paparelli & Partners LLP to  
Seyfarth Shaw LLP

For the past several years, UCI has been working together with Paparelli & Partners LLP for all immigration matters. Recently, Paparelli & Partners LLP has merged with the business immigration practice group of Seyfarth Shaw LLP. Their services, personnel and cost of services will remain the same and will continue without any interruption. Also, their phone number and Irvine address will remain unchanged.

The academic appointees currently working with the firm are being notified. However, to ensure that these academic appointees are aware of the merge, please provide them with a copy of this memo.

This change will be effective immediately. If you have questions or I can be of help on this issue, please give me a call at 824-7371. Thank you for your attention to this matter.
